

FIGURING UP THE RESULTS

Approximately Close Figures On the Results of the Elections Held on Tuesday.

THE GREATER CITY OF NEW YORK SHOWS THE PRINCIPAL CHANCE.

Tammany Regains Control of the Great Metropolis, With George B. McClellan as Mayor—Other Results Are Only a Matter of Varying Majorities.

NEW YORK.

New York, Nov. 4.—Gov. B. McClellan (dem.) will be next mayor of Greater New York, having defeated Mayor Seth Low, for re-election by a plurality of 3,617, complete unofficial returns having been received from every election district in the city. By the same returns, Comptroller Edward M. Grout and Charles V. Fomes, president of the board of aldermen, running for re-election on the democratic ticket, though elected two years ago as fusionists, defeated their fusion opponents by 65,790 and 64,753 plurality, respectively. Comptroller Grout leading the city ticket.

McClellan's total vote for mayor was 314,906 to 281,289 for Low.

William B. O'Neil, independent candidate for mayor, polled only 2,335 votes in the entire city, getting 2,671 of them in Manhattan and the Bronx, 226 in Brooklyn, 28 in Queens and one in Richmond.

OHIO.

Columbus, O., Nov. 4.—More complete returns indicate that the plurality of Rick (rep.) for governor, over Johnson (dem.), will exceed 125,000, but that the rest of the republican state ticket will not have so large a plurality. As the republicans not only carried the doubtful counties and districts, but also some that were conceded to the democrats, the majority on joint ballot in the legislature for the re-election of Senator Hanna is now placed at 35 out of a total membership in both branches of 143, almost three times as many as two years ago, when the republicans had what was considered unprecedented majority of 35 on joint ballot for the re-election of Senator Foraker. As Senator Hanna had only one majority on joint ballot six years ago, and he was the issue in this campaign, the result is generally commented on more as a Hanna victory than anything else.

Chairman Dick says: "Hanna's personality did it."

PENNSYLVANIA.

Philadelphia, Nov. 4.—The latest estimates from the country districts indicate that the republican state ticket will have majorities ranging from 22,000 to 230,000. Wm. P. Snyder for auditor-general, has run slightly behind Wm. L. Mathews for state treasurer, while Morrison and Henderson, who were chosen superior court judges, polled a vote almost equal to that of Mathews.

In the counties where judges of common pleas court were chosen the republican percentage of victories was far greater than that of the democrats. The greatest surprise was in Lehigh county, where Frank M. Trexler (rep.), defeated Edward Harvey (dem.). This is the first time in the history of the county that a republican has been chosen as a judge of the common pleas court. Harvey's defeat was due mainly to the dissatisfaction in the democratic ranks.

MASSACHUSETTS.

Boston, Nov. 4.—With the exception of the falling off in the socialist vote, the election in Massachusetts very nearly paralleled that of last year. Gov. L. Bates was re-elected by the republicans by a plurality of 35,849 over Col. Wm. A. Gaston, in a total vote only slightly under that of 1902, when Bates won by 37,120 plurality.

The vote for the leading candidates was: Bates, 129,332; Gaston, 103,541; the socialist dropped from 3,625 to a little more than 2,500 and that for the prohibition and socialist labor candidates remained about the same, the total vote for all candidates fell just short of that of last year, the largest in the history of the state.

With the head of the ticket went the other republican candidates to state offices, as well as seven out of eight members of the executive council, while the lower branch of the legislature shows a republican gain of two members, the senate remaining unchanged.

MARYLAND.

Baltimore, Nov. 4.—The returns Wednesday morning from 254 precincts of the 38 in Baltimore city have been counted and they show a majority of 4,392 for Edwin Warfield, democratic candidate for governor. It is quite certain that the returns from the remaining 134 precincts will increase this lead. Complete returns have not been received from any one of the 22 Maryland counties, but the returns received indicate that there will be a democratic majority of 2,000 in the counties, and that Warfield's plurality in the city and county will probably reach 7,000. The democrats in Baltimore city elect their entire local ticket, including three supreme judges, three orphan's court judges, court clerk and sheriff. Chief Judge McSherry, of the court of appeals, is re-elected.

The democrats have elected a substantial majority of the legislature, thus insuring a democratic successor to United States Senator McComas.

RHODE ISLAND.

Providence, R. I., Nov. 4.—The democrats succeeded in re-electing Gov. L. F. C. Garvin, although by a reduced plurality, but the other state officers went to the republicans and that party will also have a working majority in the legislature. Garvin's plurality in 1902 was 132 election districts is 1,035, the vote for the two candidates being: Garvin (dem.), 28,337; Colt (rep.), 27,882. The other republican candidates on the state ticket received pluralities averaging about 2,000. The senate will stand 25 republicans and 16 democrats, and the house 35 republicans and 33 democrats.

KENTUCKY.

Louisville, Ky., Nov. 4.—Returns received from 35 counties, a number of which are incomplete, give Gov. Beckham, democratic candidate for governor, a majority of 28,500. These figures, however, do not indicate his real majority for the reason that most of the 35 counties remaining to be heard from are normally republican. Eleven of these counties are in the Eleventh district and each will give a majority of 300 or more. Many of the other counties are mountain counties in remote sections and it may be two or three days before complete unofficial returns are obtained.

COLORADO.

Denver, Nov. 4.—Unofficial returns from all the counties in the state indicate that Chief Justice John Campbell (rep.) has been re-elected to the supreme court by a plurality approximating 8,000. They also show that he carried in the neighborhood of 40 out of 65 counties. The plurality of Wilson (dem.) in Denver is over 5,000, but the republicans charge wholesale fraud and claim that a fair count will give Denver to Campbell. Owers, the people's party candidate for supreme judge, in several counties ran second and polled close to 10,000 votes in the state. In the two districts where federal elections were held, republicans were re-elected.

NEBRASKA.

Omaha, Nov. 4.—Judge Barnes, (rep.), is elected superior judge over Judge Sullivan, the present incumbent, by a plurality that may reach 8,000. The rest of the republican state ticket is elected by 10,000. Barnes running considerably behind the other candidates. These figures are conceded by the democrats except in Douglas county the democrats elect county clerk and probably one other can-

didate on their ticket, and the republicans secure the election of the remainder of the candidates. On the judiciary ticket the republicans elected at least five or six candidates for the district bench.

CALIFORNIA.

San Francisco, Nov. 4.—Election returns clearly indicate that the majority victory has been won by Eugene B. Schmitz, union labor, the present incumbent, whose plurality on the partial count is now 3,451 over Henry J. Crocker, a republican candidate. The union and democratic parties have captured nearly every office so far as the returns show, though the republicans may yet win the positions of auditor, city attorney, city collector, treasurer and county clerk. The democrats will fill the assembly, and other leading offices will fall to a majority on the board of supervisors.

IOWA.

Des Moines, Ia., Nov. 4.—Returns from coming in very slowly, but from the complete and incomplete ones at hand, Gov. Cummins' plurality with a 10,000 lead over his republican opponent, is now placed at 10,000. The union and democratic parties have captured nearly every office so far as the returns show, though the republicans may yet win the positions of auditor, city attorney, city collector, treasurer and county clerk. The democrats will fill the assembly, and other leading offices will fall to a majority on the board of supervisors.

NEW JERSEY.

Trenton, N. J., Nov. 4.—Revised returns from New Jersey show that the republicans have carried Middlesex county for both senator and assemblyman. This will make the senate stand 14 republicans to 7 democrats, the same as last year's representation. The gain of three seats in the legislature by the democrats is offset by losses in other counties. The representation in the house next year will be the same as last year—38 republicans and 22 democrats.

HAWAII.

Honolulu, Nov. 4.—The county elections were held throughout the territory Tuesday and returns are coming in slowly. So far as the returns have been received Oahu will go slightly republican. Complete returns from Kauai show that nearly all the republican candidates have been elected.

UTAH.

Salt Lake, Utah, Nov. 4.—Complete returns show the election of Richard P. Morris (dem.) candidate for mayor, over Frank Knox (rep.), by 2,300 plurality. Of the 15 councilmen the republicans elected nine and the democrats six.

LONDON NEWSPAPER COMMENT.

It is Not Particularly Flattering On the Result in New York.

London, Nov. 4.—Such comment as the afternoon newspapers on New York City, expresses it as Tammany's victory.

The Pall Mall Gazette says it gives the world a lesson that "purity is not inherent in the democratic form of government."

The St. James Gazette bitterly assails Tammany, saying the result "is one which every honest person must deeply lament, and proves how powerless is true opinion to make its weight felt under a republican system when it is confronted by the machinery of an unscrupulous organization."

NEBO NOTES.

Uncle Willis Harris, who has been sick for a long time, died at his home last Tuesday and Thursday at eleven o'clock. His funeral was preached at the C. P. church by Rev. Woodruff. The remains were interred in Union cemetery. Several sons and one daughter survive him.

A REVOLUTION ON THE ISTHMUS

A Proclamation Issued Declaring the State of Panama an Independent Republic.

TWO COLOMBIAN GENERALS SEIZED AND THRUST IN PRISON.

A Provisional Government Organized, Consisting of Three Consuls and a Cabinet—Gov. Obaldia of the State of Panama a Prisoner in His Palace.

Panama, Nov. 4.—The republic of Panama was declared in this city at six o'clock Wednesday evening.

The proclamation was read to the multitude of people who filled the streets and cheered for the new republic.

The secession of the isthmus or state of Panama from the United States of Colombia has been contemplated since the rejection of the Panama canal treaty by the government at Bogota.

It is understood that this sentiment has been increased by Americans here and at Colon, who were deeply interested in the construction of the canal.

Two generals of the Colombian army were seized and imprisoned Tuesday night. It is believed that most of the Colombian troops here and at Colon will join the revolutionists.

A provisional government has been organized, consisting of three consuls and a cabinet. The revolutionary movement has not yet extended beyond Panama and Colon, the chief towns of the isthmus.

Wednesday morning Gov. Obaldia of the state of Panama was taken prisoner in his palace, the guards offering no resistance, but giving their arms to the revolutionists.

All the Colombia cruisers on the Pacific side of the isthmus have been taken, and it is expected that Colon will soon be taken, together with the cruiser Cartagena.

REQUEST FOR RECOGNITION.

The New Government Requests United States' Recognition.

Washington, Nov. 4.—The United States government, Wednesday morning, received a cablegram from Panama, requesting that it recognize the new government. The officials here are as yet in ignorance as to what this new government consists of, and have taken no action on the request.

PANAMA BEING BOMBARDED.

Vice-Consul Ehrman Instructed to Enter a Protest.

Washington, Nov. 4.—Vice United States Consul Ehrman, at Panama, cables the state department, under Wednesday's date, that the Colombian government warship Bogota is shelling the city. Eleven Chinamen have been killed.

Mr. Ehrman has been instructed to protest against the bombardment.

If the consul's protest is not sufficient, the commander of the United States steamship Boston, which is by this time on her way to Panama from San Juan Del Sur, 600 miles distant, will promptly seize the Colombian gunboat if necessary to stop the bombardment.

This bombardment is in violation of all the rules of war, beginning as it did without the required notice. Moreover, the United States government takes the ground that it certainly interferes with the freedom of transit across the isthmus, which this government is treaty-bound to maintain.

ACTIVITY AT THE CAPITAL.

The State and Navy Department in Frequent Consultation.

Washington, Nov. 4.—The greatest activity was exhibited in the state and navy departments Wednesday morning, and there were frequent consultations between the officials, the navy officers particularly being intent on working out the details of the plan for the protection of the isthmian traffic outlined by the state department.

Navy Making Preparations.

It is quite evident that the navy is making preparations for a larger demonstration in isthmian waters than it has made for many years, and the fact is not disguised that all of the information that has come from the secret agents of the government point to the ultimate success of the revolution. But meanwhile extremely delicate questions are to be answered, for the occupation of one end of the Panama railroad by the government force and half of the other end by the revolutionists makes the situation extremely complicated. That is one reason the conferences are being held, and why it is desirable that the most exact instructions possible under the circumstances shall be sent to our naval commanders and to the consular officers on the isthmus to prevent them from making any false move that would place the United States government in a position of violating treaty stipulations or displaying power in derogation of Colombia's just rights.

To Protect American Interests. "You will protect American interests at all points, and do everything possible to avoid bloodshed," is the substance of the instructions cabled by the navy department at the instance of the state department to the naval commanders now at the isthmus or on their way. The last part of the instructions is particularly significant, for it forecasts a more active interposition by

the United States government in the troubles on the isthmus than has perhaps before been displayed. These orders were held Tuesday night at the White House between the president, Secretary Hay and Assistant Secretary Loomis, Acting Secretary of the Navy Darling, and Admiral Taylor, chief of the bureau of navigation.

May Land Marines and Sailors.

So it is not doubted that under the authority thus conveyed the United States naval commanders will land marines and sailors at the railroad termini; indeed, it is not doubted Commander John Hubbard, of the Nashville, already has placed a marine guard ashore at Colon to protect the railroad property, and the commander of the Boston probably will take the same action when he arrives at Panama.

AN EMBARGO ON TROOPS.

Commander Hubbard of the Nashville Takes Prompt Action.

Colon, Colombia, Nov. 4.—It is reported that the commander of the United States gunboat Nashville, Commander Hubbard, Wednesday morning notified the prefect of Colon and the Panama railroad officials that no troops from either end of the isthmus would be allowed transportation on the railroad.

J. A. Arango, Tomas Arias and Frederico Boyd constitute the provisional government of Panama. Gov. Obaldia, Gen. Tovar and a few others who were arrested by the revolutionists at Panama, are still in custody, according to the advices received here. No bloodshed resulted from the revolutionary movement, which is supported by the people of the highest intelligence and wealth at Panama, as well as by the troops of that city.

THE TOWN OF NO-GOOD.

BLUE G. BARD.

Have you heard of the town of No-Good.

On the banks of the river Slow, Where the sometime-or-other scents the air

And the fragrant hearts-ease grow?

It lies in the valley of What's-the-Use,

In the province of Won't-Be-Wise? It's the home of Old-Fogysio.

Where men don't advertise.

The town is old as the human race, And it hasn't improved with years, It's hid in the fog of Idler's Dream,

And its streets are sprinkled with tears.

Its merchant sits in an easy chair

And talks to his customers three.

There's nothing humming in this town

Save the hum of the busy bee.

His shelves contain last year's goods.

All covered with dirt and dust,

Sometimes a customer buys a yard,

He does it because he must.

Do you live in this town of No-Good,

On the banks of the river Slow,

Where business is conducted on the same old plan

'Twas fifty years ago?

Where nothing important happens

On the banks of this sluggish stream,

Where there is never a rush of business

And life is one long dream.

Would you leave this sleepy old town,

Be up to date and be wise?

Then bear in mind this motto,

"It pays to advertise."

TERRIBLE CRASH DUE TO DENSE FOG

Two Cable Trains in Collision On the Twelfth Street Incline at Kansas City.

ONE GRIPMAN LOST HIS GRIP AND TRAIN GOT AWAY FROM HIM.

One Person Killed and Two Score Injured, Some Seriously, in the Crash When It Met an Oncoming Train Obscured by the Prevailing Fog.

Kansas City, Mo., Nov. 4.—One person was killed and 19 others injured, four perhaps fatally, in a collision of two cable trains in a fog on the Twelfth street incline, near the Union depot, Wednesday morning.

Most of the injured were working girls, clerks in the big retail stores up town, who were on their way to work from their homes in Argentine, Armourdale and Kansas City, Kas., across the river from Kansas City, Mo. The accident was due to slippery tracks. One train, heavily laden with passengers, had reached Summit street, four blocks east of the top of the Twelfth street viaduct, a structure four blocks in length that spans the railway tracks in the Union depot yards.

A Thirty Degree Descent.

For the entire distance of eight blocks there is a sheer descent of about 30 degrees. At Summit street the first car had stopped to let off a passenger, when the gripman lost his grip on the cable. Immediately the train started back, gaining great speed. A heavy fog made it impossible
